SRF Schweizer Radio und Fernsehen

Information on frequency coordination Ski World Cup Lenzerheide 2021

7076 Parpan
Event date: 17.03. – 21.03.2021

General Information
Since 2013 the legislator has restricted the usable frequency range for certain wireless devices multiple times and exempted from the license-obligation. This increases the risk of interference between wireless devices at large events.

In order to guarantee the same level of production reliability in the future and enable everyone to enjoy interference-free operation, SRF will coordinate the frequencies on behalf of the event organiser at the Ski World Cup Lenzerheide 2021.

Registration obligation for wireless devices
For the above-mentioned reasons, all users must register their wireless devices in advance via webtool FreqCoord. Wireless devices may not be used if they have not been registered.

Mandatory registration
- From 15.03. – 21.03.2021
- In the following areas: Start area, along the racing slope, finish area and Village

Devices
The following devices must be registered:
- Wireless microphones
- In-ear monitor systems
- Wireless intercoms
- Walkie talkies (PMR)*
- Telemetry systems*
- Wireless cameras*
- Devices using Dect-Standard (e.g. Sennheiser AVX)

* A licence from the Federal Office of Communications (OFCOM) must be available upon registration. Otherwise an application form can be generated during registration process on FreqCoord.

Registration process
Deadline: till 05.03.2021
Direct link: https://www.freqcoord.com/EventRegistration/RegisterLink?parentId=743
Please do not send frequency requests via email.

On-site
All wireless devices will be checked on-site before use. All checked devices will receive a validation sticker. These stickers must remain on the equipment for the duration of the event. Stickers can be collected at the Media Centre or, upon previous request, at the frequency manager.

Anyone using wireless devices without registration or sticker risks losing its credentials for the event.
